# TO SEND JONES TO WASHINGTON, LEAVE NOTHING UNDONE-BRYAN

Nehraskan Pays High Tribute the performances of the democratic speaking first of the tariff law. The to Former Assistant Secretorial Candidate.

Speaks of Laws Enacted by Democratic Congress; Crowd for the senate in New Mexico-shouting and laughter drowned the finish of the sentence.

The people had been told, if hides

the industry would be runned, said Mr bright the boy orator of the Platte but the mature, even aging, politician of the mature, even aging, politician of Referring to the moone tax law, more than national fame, opened the campaign for the dear tays of New thankful for the transferring of the Mexico in a speech of considerably burden to the backs of men with big linearing. more than an hour's length, yesterday incomes, afternoon, delivered to a crowd esti-. The currency law, made a statute

outrol of the next congress, and that sometimes the control by one parts or the other was by the narrow margin of only one vote in the one house or the other. He said the principles at staked were more important than any made in send made in the democratic platform.

| A Bring of the next congress, and that every effect should be working in the congress in harmony with the views of the investigation was going on. This the democratic platform.

| Both Sides Confident | Tonght house stating the circumstance in the congress and that will be presented that if it can be shown that Rritish firms have an appropriate the above the first should be working men the advantage of working men the capable and the production of the foundation of the foundation of the foundation of the advantage of the foundation of the advantage of

Jones brought bursts of appleaue from the throng which crowded the laws in from of the hotel. He said President Wilson had paid a great compliment to the new state by coming burn for a ment of the interior, and that Mr. Jones had homored the state and the administration by the ability and the hothfulness he had shown in the discharge of the duties of his high office. Mr. Jones, the colonel said, would take high neak in the affairs of the nation. With that introduction, the colonel

persed to a discussion of national relations. He said the country was fortunate in the fact that two candidates had been nominated for the presidencould be personal attack justly made.
No democrat, he said would attack
the personal reputation of Mr. Hughe-and that my docum republican would

Best Tariff for Fifty Years,

It was the test tariff low for fifty years, declared the speaker. Repullicans had asserted that placing wood on the free list would destroy the sheep industry. He told of a western renator who sold part of his sheep because Former Secretary of State the beriff on wood was removed, 6th crs did likewise. Then the price of wood mounted. The senator was de-
